ABOUT US

We are a full service landscape provider.

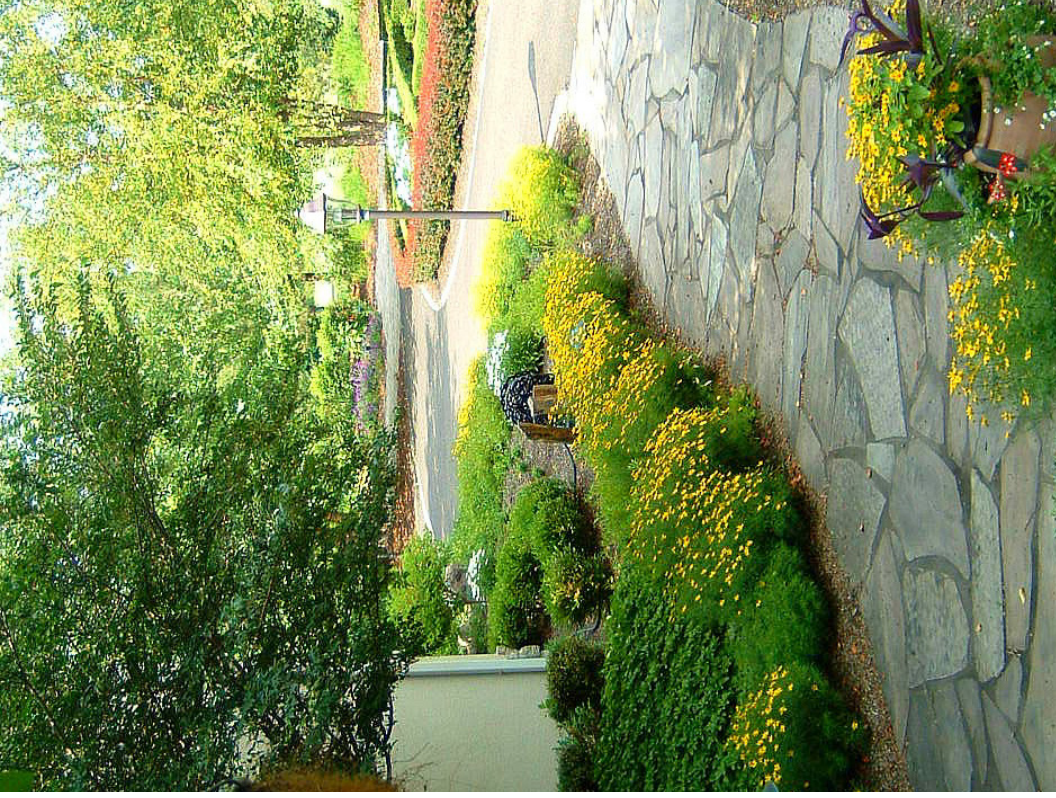

Since 1987, Nurney Landscape and Design has provided property owners with the highest level of service in landscape design, installation, and maintenance.

We are a family owned, and locally operated company. We understand the environment, the land, the weather, and we leverage this knowledge to build and maintain beautiful spaces.

DESIGN

We create designs that are both functional, and visually stunning. A landscape is more than flower beds and shrubs. Perhaps it is a rustic walk lined with plants and flowers that inspire. Maybe it is a place for entertaining al fresco with stone hearths, wooden pergolas, and built-in bars accented with outdoor furniture. From a simple enhancement to a complete landscape design for a new or existing home, we help you add value and enjoyment to your home.

"I have never encountered an organization like Nurney. You have such integrity, perfect follow-up on all details and taking such extra care with your customers and our property. Thanks again for a job spectacularly well done!"

- Homeowner, Retaining Wall and Terracing Design and Installation Project

BUILD

The installation of your landscape is critical to the appearance and long-term success of your vision. As a full-service installation provider, we ensure each element is properly constructed and placed. Our installation team works closely with our designer to help bring the ideas on paper to life. We have certified irrigation installation specialists, stone masons, horticulturalists, and more.

OUR SERVICES INCLUDE:

Hardscapes

Pavers, Flagstone & Bluestone & Masonry Walks
Patios, Walls, Fireplaces, etc.

Outdoor Kitchens
Arbors & Pergolas
Outdoor Lighting
Irrigation Systems
Landscape Planting
Drainage Systems

As a quality landscape maintenance provider, we understand the importance of protecting your investment and your home's value. Our team manages the snow removal in the winter so your lawn is protected and ready when spring arrives. Our irrigation specialists know when to water, and how to manage the lawn, the beds, and your trees and shrubs. Our team helps you save time, avoid paying for unnecessary mowing equipment, fertilizers, and tools. Each of our clients has a single point of contact, a dedicated account manager. Your account manager monitors your property, coordinates your landscape crews and communicates with you regularly to ensure your expectations are met.

One contact, no juggling multiple contractors and equipment, and a beautiful, well-managed landscape, that's the Nurney promise.

MAINTAIN

Contact us today for all your landscaping needs.
Our team is ready to discuss your home and property.
