# WHO WE ARE

## A PLACE TO GATHER FOR FOOD, DRINK, AND FUN

It all started with an idea on a cold Wyoming winter day in 2012. Temperatures dropped 20 degrees below zero, and founder Jessica Graham MacGregor had her first spark of inspiration. A place for the community to gather for fun indoors.

Fast forward to 2016, MacGregor opened the doors to Hole Bowl, a 10-lane bowling alley, restaurant and lounge in mid-town Jackson, Wyoming. Hole Bowl is more than bowling though. We have a full bar and restaurant, 12 big-screen televisions, shuffleboard, a ping-pong table, a pool table, arcade games,

Hole Bowl has become the gathering place for the community to celebrate. The "big game" is always on, the drinks and the good times are always flowing. Birthday parties, work parties, any party.

Open seven days a week, there is always a reason to EAT. DRINK. ROLL.

"I thought we needed a place for everyone to come together and have fun indoors. I wanted to do something to better a community that I love."

- Hole Bowl Founder,  
Jessica Graham MacGregor

# OUR CUSTOMERS

"... we ended up relaxing on a couch by their bar. Great food, nice drink selection. Cocktail servers were attentive, but not overbearing. Their bar is gorgeous and modern. Marble countertops with some old-fashioned decor and lighting. Very unique! I would certainly host another laid-back party there. Next time, I'll Make a reservation and actually go bowling."

- Emily, Facebook Review

"Big group of us, the wait staff was incredibly accommodating. Food is absolutely amazing and atmosphere worked beautifully for all the ages in our group. Highly recommend to anyone in Jackson."

- Barbara, Facebook Review

"Great food in a bowling alley? Absolutely, the best value burger in Jackson Hole. We were skeptical at first but once the appetizer of Buffalo Wings arrived our doubts disappeared, they were excellent. We moved on to share a burger and chopped salad both were outstanding and were the quality found in much more expensive restaurants. We were so taken we went bowling for another great hour at Pinsetter. Great date night!"

- Open Table Review

"We had our office Christmas party here. I can't wait to go back. The atmosphere is fun--not too noisy. The shoes and balls are new! The bar area is cozy and super comfortable. The food is very good. Just a great place to spend a few hours having fun!"
